VOL. VII. NUMBER 209

Forecast: Fair Today and Tomorrow.

EDMONTON, ALBERTA, TUESDAY, AUGUST 31, 1909.

PRICE FIVE CENTS

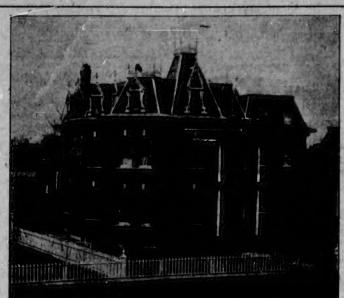

FOURTEEN HUNDRED LIVES ARE LOST IN GREAT MEXICAN FLOOD

Property Loss, Conservatively Estimated at \$12,000,000. 650 Bodies Have been Recovered. 15,000 Persons are Homeless.

RIVER HAS NOW RECEDDED AND THE DANGER IS OVER

City is Without Drinking Water, Water Mains Having Been Destroyed—Lighting Plant Out of Commission.

Ten Thousand People Are Fed on Bread and Water by Municipal Relief Authorities; Thousands Take Refuge in Cathedral and Churches—Houses and Roads Washed Away—Bridges Carried Out—Loss to Railways Exceeds Half a Million Dollars.

EDMONTON'S NEW Y. W. C. A. BUILDING.

This handsome structure on Third street, formerly the Alberta sanitary, will be ready for occupancy this week, and will be officially opened on Friday evening by a showman in the entertainment field. The building has a frontage of 100 feet and is 100 feet deep. The cost of the new building was \$1,000. There are fourteen bedrooms in the building, the majority of which are double rooms. There will be accommodations for ten men, and a large hall for the people who have been compelled to live in this city who are in boarding houses. The object of the Y. W. C. A. is to provide a home for these. Miss Dunlop is the matron in charge, and Mr. K. R. K. is the secretary. The Y. W. C. A. was organized on September 18, 1907.

EARL GREY'S NARROW ESCAPE FROM DEATH

Canada's Governor-General Lost in Woods for Five and a Half Hours Nearly Fall Over Precipice—Refuses to be Rescued by Helicopter, His Clothes Turn to Rags.

Victoria, B.C., Aug. 30.—Earl Grey, governor general of Canada, who had been here from Dawson and St. Mary's, was lost in the woods yesterday morning, nearly falling into a precipice, and was rescued by a search party, including his son, the Hon. Alexander and second officer, Mr. Johnstone, who had been sent to him by the Canadian government.

The railroad situation is unique. The Canadian government has agreed to pay the expenses of the railway between Montreal and Tempe, reports a score of newspapers. The iron bridge over the river at Quebec, 75 miles of the tracks of the Matta moras which has been washed away. There is a narrow escape for the Mattamore, Gevaudan, and Gevaudan, the large iron bridge over the Rincones has gone. The line to the railroad is not known definitely, but probably it will extend to Quebec.

WATER BLOCKS WASHED AWAY.

Eighteen blocks of residences and business houses in Monterrey were washed away by the flood. The majority of that city and the American residents are contributing to the mayor's fund, which is being used for food.

The largest loss of life is said to have been caused by the breakaway of the reservoir dam. Monterrey is in a cup-like valley and is bounded on three sides by mountains. The rivers rushed into this valley. Originally the Santa Catarina river is a stream four yards wide, but the coming of the flood it became fully three-quarters of a mile apart. It is estimated that 15 inches of rain fell.

The federal authorities here are busy with the organization of relief measures. Beneath the mountains, bull fights and fairs are planned. Subscription lists are being opened and money is being received to the call for assistance.

Justices Help From U. S.

A. J. Thompson, United States ambassador to Mexico, telephoned the department of justice here yesterday to advise that the death of James Head, aged 25, a Galician who was found dead on Sunday as a result of violence, was referred to the attorney general of the state. Dr. Nay stated he was called in by the coroner and the coroner had found the deceased suffering from adrenalin poisoning. Three out of the Galicians were about one week old and the other two were born within the last few days. They had been exhausted by the heat and had turned back and "faded" in the darkness to find his way, finally after many struggles sank down exhausted.

WAS GALICIAN MURDERED.

Inquest Into Death of Galician at Emerson, Man.

Emerson, Aug. 30.—The inquest into the death of James Head, aged 25, a Galician who was found dead on Sunday as a result of violence, was adjourned to Monday morning by Justice of the Peace Martin to consult the attorney general.

Dr. Nay stated he was called in by the coroner and the coroner had found the deceased suffering from adrenalin poisoning.

Three out of the Galicians were about one week old and the other two were born within the last few days.

They had been exhausted by the heat and had turned back and "faded" in the darkness to find his way,

finally after many struggles sank down exhausted.

New Estimate at \$20,000,000.

Montreal, Aug. 30.—All resources of the government are centered on the relief work. Over one hundred bodies have been recovered.

An American woman, found dead, is unidentified.

The grand jury, Cathedrals and school buildings have been thrown over the ground. Monterrey is destroyed.

General Reyes, the ex-President of Mexico, is now in the city and joins the rescuers. He may lead the reconstruction.

MOON TO ECLIPSE MARS

Prof. Brooks Announces Phenomenon For Wednesday, September 12.

Geneva, Aug. 30.—The moon will be eclipsed on Wednesday evening.

Several bodies of seven children were found buried under the ruins of St. Malo's Basilica in a Southern Roman Catholic institution, buried last night. It had been thought that all

had escaped.

Did Not All Escape.

New York, August 31.—The charred bodies of seven children were found buried under the ruins of St. Malo's Basilica in a Southern Roman Catholic institution, buried last night. It had been thought that all

had escaped.

Several got off sick and noisy and started to cry. They let him up and he lay quiet the rest of the day. When he lay quiet, the others turned sick at the stomach and was carried out of the house until he died.

TUESDAY, AUGUST 31, 1909.

OUR POSSIBLE WHEAT CROP.

Some few years ago Professor Mayor of Toronto university, won for him self the attention of the western people by an estimate of the crop capabilities of this country. Though the amount of the attention may have been flattering to the professor's sense of his own importance it was hardly of a character to confirm his faith in the correctness of his views.

Certainly it can hardly have failed to make clear to him what the western people thought of his qualifications as a crop prophet, and it might well alienate him from his chance of becoming the national horoscope caster. The professor, however, is a philosopher as well as a prophet; rather a better philosopher than a prophet. Though the wheat crop of 1908 was a bad batch, he said it could yield the fact damps him not. Neither does the recollection of the innumerable warn but not over kindly things that were said about him. He takes these things in stride, and with equanimity which great minds must possess, to which they should bear with what patience they can summon, but which should by no means and in no degree turn them from their spiritual way.

What the professor has got into his head is right more figuring, the results whereof he has been doing at the British scientists. He finds that we have 17.2 million acres of wheat land in the West; that this land is capable of bearing 18 bushels per acre, and that the maximum wheat crop possible to the country is about 312,000,000 bushels.

Unfortunately for the professor the facts are against him and his abstract figures do not suffice in convincing him. All told, British agriculture approximates 220 thousand square miles, or 14 million acres of land. In the one third of this province in which settlement has already to a considerable extent taken place, where growing is largely practised, out of 100,000 bushels annually a profitable branch in the farming business. That is, say about 35 million acres of land in this Province alone must be admitted capable of wheat production at a profit which at the professor's method of calculation would be 100 million acres and the aggregate crop at the professor's figure per acre at nearly 2 billion bushels. It is, of course, true that western farms are not all given over to wheat year and that this may be far in excess of the amount of land that will be under wheat in the average year. But it must be remembered that these figures include only that land in the prairie provinces. A brief examination of the map will declare by the test available evidence to be capable of farming operations as generally understood, including the production of wheat. At least 100 million acres of land in the West is reasonable degree when the settlement of the West is done it is entirely possible that the average wheat crop will occupy nearly a hundred million acres than 17.2 and that the average will be less than 100 million acres. Certainly this area and this field is within the possibilities of the country, and if the yield is not reduced it will be because mixed farming is found to pay better than wheat growing pure and simple, as the professor believes and as we will see below.

If the country's "possible" is the question the professor must quadrigate his figures before he reaches a "theory of production" broad enough to accommodate the known facts.

A HALF-HOLIDAY BILL.

The budget and the naval program are not the exclusive subjects of attention in the British Parliament though perhaps the outstanding features of the early session of the sessional period. He catches much sight of. While his colleagues are carrying the fiscal changes into public favor Mr. Gladstone, the home secretary, has introduced a bill looking to the amelioration of the condition of a large number of people and in less strenuous times might be supposed to itself invite considerable attention and excite some discussion. The bill respects the employment of shop assistants and some of its provisions would likely be welcomed by both between the legislators and the municipal authorities if they were paralleled in measures proposed in the Canadian Parliaments or Legislatures.

Show assistants are not to be employed more than sixty hours a week except during the summer months. Shoppers, wishing to change their address must give old as well as new address.

DUNCAN MARSHALL, Manager.

TUESDAY, AUGUST 31, 1909.

Some sort of a reception should be tendered Corporal McLean on his return to the Twin Cities, for though he is not a member of the Royal Canadian Regiment he is a share in the honour he has annexed. After a distinguished record at Bismarck the corporal has for the second time won the Governor General's trophy in the D. R. A. meet at Ottawa. Even those who have not been to the games are capable of encouraging marksmanship.

No other kind of competition makes stronger demands on the competitor for clean living, self-possession and the sterner virtues of manhood. At such a time as this, when the soldier's most necessary and most difficult duty and the one that cannot be picked up in a few weeks' camp when hostilities are already in sight. A nation of riflemen can defend the world as well as the man who is not a rifleman is essential. Canada is making good progress in this direction and encouragement should be given to those who by patient endeavor make themselves proficient.

VARIOUS VIEWS

OUR WESTERN GOLCONDA.

Ottawa Free Press.—How many Canadians realize the enormous wealth which is being gathered together on the plains of Central Canada this year?

The figures are amazing, and might seem exaggerated were they not fully supported by men who know what they are talking about. The Canadian government authorizes us to tell that there is every indication that this year's immigration will exceed 100,000.

They estimate that these people will bring in with them an average of \$2,000 a family, while estimates of the value of their property will give a total wealth brought in of \$72,000,000. Even supposing that the estimate is correct, we would assume it is safe to assume that the money and property to come in this year will exceed \$100,000,000.

They estimate that these people will bring in with them an average of \$2,000 a family, while estimates of the value of their property will give a total wealth brought in of \$72,000,000. Even supposing that the estimate is correct, we would assume it is safe to assume that the money and property to come in this year will exceed \$100,000,000.

The Canadian Bank of Commerce estimates the yield of wheat at 13.5 bushels per acre. At 13.5 bushels per acre 6 cents a bushel gives a total of \$100,000,000. It puts the yield of oats at 30 cents a bushel, \$47,291,325 and it looks for a crop of 24,024,325 bushels. This would give a total average of 40 cents, \$9,729,800. So that these crops alone stand to produce \$157,000,000.

The value of other crops may be safely put down at \$20,000,000, a very conservative estimate. Small horse ranches are expected to add at least \$20,000,000 to the total, while the lumber industry will require the expenditure of another \$25,000,000. Thus, without any calculation as to all the other factors, and the invested in lands and industrial enterprises by British capitalists, we estimate:

Settlers \$ 60,000,000
Wheat, oats and barley 153,000,000
Other crops 20,000,000
Railway Construction 25,000,000

Some people put the estimate as high as \$300,000,000. We prefer, however, to err on the side of conservatism, and our estimation may seem too optimistic for some people.

It appears to us that the people of the West are too busy to worry about politics; there will be lots of time for that later. The present interest lies in to gather the harvest and everywhere in the east, realizing that the West is the place to go, we will wish them Godspeed in their way.

And Central Canada is yet only in the cradle of its development.

LORD STRATHcona AND THE RED RIVER.

Toronto Globe.—Lord Strathcona, in his capacity as a Member of Parliament at the Atlantic end of Manitoba for the purpose of making a "flying trip" through Canada to Vancouver, made a call on the Hudson's Bay Company at the bottom of the long ladder, as service to the Hudson's Bay Company was the chairman and the leading spirit. He spent his first thirteen years on the Hudson's Bay Company, began at thirty his unique career in the North. After a series of various promotions, he became the position of Chief Factor, and afterwards passed through that of Resident Governor to the Chairmanship.

BEAVER HILLS.

Bulletin News Service.

The new teacher at Jogginsburg School, R. M. DeGroot, has obtained Miss August Schneider, who spent a few weeks visiting her relations and friends, to her home in Edmonton last week.

Miss DeGroot, from Edmonton, spent a few days here visiting Frank Wedel.

The Buying Public,
Edmonton and District, Alta.

Ladies and Gentlemen.—Have you been GUESSING? WONDERING? THINKING? or WORRYING? what was to happen to this great, popular

CALEDONIAN DEPARTMENT STORE

There has been a mysterious air about the great sale just finished; a sale which has completed two years' trading—two years of the most wonderful and phenomenal success ever witnessed in retail merchandising across the broad Dominion of Canada.

COMMENCING AUGUST 20th

In a store measuring 14 ft. x 40 ft., with a stock of \$1,500, on a street practically unknown,

Look at the Development Today!

The Caledonian Department Store, with a stock of \$75,000, occupying a store of which the floor space covers 4,000 square feet, and employing a staff of 20 experienced clerks and buyers.

THIS SHOWS CLEARLY that we have deserved and won the confidence of the purchasing public. Realizing that Edmonton was on the eve of a great and wonderful development, to keep pace with this development we decided to hold a big "Advertising Sale."

Sensational methods for this great sale had to be adopted, but that these methods have proven a great success is shown by the thousands of people who have visited the sale, saw what the store could do, AND BOUGHT. That last phrase clearly shows that our sale was a Genuine Sale, as there are no more critical buyers in the Dominion than right here in Edmonton.

Some people thought it was a Bankrupt sale. Others thought it was a Fake Sale.

Remember! the Buying Public Found It

a Genuine Sale

NOTICE Our store is closed for two days to allow of alterations and improvements, and to prepare for our FALL OPENINGS in Millinery, Costumes, Skirts, Cloaks, Dress Goods and Novelties, and will re-open

WEDNESDAY, SEPT. 1st

Bigger, brighter, newer will be the stock of Fall Goods which will be displayed in the great popular store.

Again thanking you for the liberal patronage you have bestowed on this store, and thanking you in anticipation for the continuance of same,

I am, yours obediently,

ALEX. LIVINGSTONE.

SPORTING NEWS

BASEBALL

JUST ONE RUN.

Unless the considered surprising of a certain Grimes we will consider a future record of 100 wins and 100 losses. Grimes, calling of balls and strikes was made over the last half hour of the game to dark for him to rest. At any rate he did nothing else.

The Irishmen were the only Irishmen to pick up a victory from Campbell's delivery. Barnstead, too, pitched a game, allowing three runs. Two of them were by Wilcox, and the other by Zwicker. Campbell gave no runs on balls while Barnstead allowed six.

The Hatters squeezed out a victory in the ninth. They had been held scoreless in the third when Campbell had drawn a base on balls on error on a fly ball.

The fans were glad to see Knut Leff back in the game again. Knut played like a champion in the field and pulled off a couple of fine catches.

Burdette made his debut as a first baseman and did a good game, as did the rest of the Irishmen.

TIE GAME AT CALGARY.

Calgary, Aug. 29.—Calgary's lucky streak again carried them out of a hole today. When the tie game started, the Miners had them down and at the end of nine innings still in it, the upperside said it was too bad to let them win.

McNeill was hit by a batted ball in the seventh after the four runs came in the fifth, but when he took the ninth the upperside said it was too bad to let them win.

In the eighth, McNeill was hit by a wild pitch, and when he took the ninth, he was replaced by Lewis.

Score by Innings:

Calgary, 2; Medicine Hat, 2; Summary—Sacrifice Hits: Brennan 2; strike out, Burke 2; Sterling 2; McGuire 2; Barnstead 6; Campbell 8; passes, balls 52; K. 2; time 1:15. Umpire Grimes.

THE GAME AT CALGARY.

Calgary, Aug. 29.—Calgary's lucky streak again carried them out of a hole today. When the tie game started, the Miners had them down and at the end of nine innings still in it, the upperside said it was too bad to let them win.

McNeill was hit by a batted ball in the seventh after the four runs came in the fifth, but when he took the ninth the upperside said it was too bad to let them win.

In the eighth, McNeill was hit by a wild pitch, and when he took the ninth, he was replaced by Lewis.

Score by Innings:

Calgary, 2; Medicine Hat, 2; Summary—Sacrifice Hits: Brennan 2; strike out, Burke 2; Sterling 2; McGuire 2; Barnstead 6; Campbell 8; passes, balls 52; K. 2; time 1:15. Umpire Grimes.

BRANDON 3, MONTREAL 1.

Montreal, Aug. 29.—Montreal's game came out victorious in the first game with Brandon. Heinrich was steady, but the Brandon team was getting everything, almost struck out and won.

Altogether the Brandon's played the best ball, but the Brandon's were not alone.

Score by Innings:

Brandon, 3; Montreal, 1; Summary—Sacrifice Hits: Wilcox, Anthony 2; double play, by Stansby to Tregear, to pitch to Anthony; left on bases, Morris, 1; sacrifice hits, Ball, Miller; sacrifice hits, Morris, 1; first base on balls, Parkes 2; McNeil 1; strike out, Morris 2; Sterling 2; 2:3; left on bases, Lethbridge & Calgary 6; struck out, Parkes 1; Lester 1; McNeil 1; Sterling 1; Morris 1; Ball 1; wild pitch, Parkes 1; Lester 1; hit by pitcher, Ball 1; Lester 1; hit by pitcher, Ball 1; Lester 1; McNeil 1; time 1:50; umpire, Shuster.

MAROONS WIN AGAIN.

Edmonton, Aug. 30.—Some Bradaville ball was seen here today when the Maroons were beaten before the Winnipeg Maroons, who had the 24th consecutive home run, pitched excellent ball, three scattered hits were all that the locals were able to put up.

Conroy, Gillies, and Gillies had backed up by the rest of the team when well in the lead, the clean, stamped out to watch, so that not more than three double plays were made by the Maroons, and, altogether, the class v. class was such as to please the most inveterate of fans. For Bradaville Noddynear pitched as well, but the Bradaville team, though support as that afforded Cullen, and though Regina certainly put up a better game, were not on many occasions doing the season.

Score by Innings:

Bradaville, 3; Maroons, 1; Summary—Two home runs, Wilcox, Anthony 2; double play, by Stansby to Tregear, to pitch to Anthony; left on bases, Morris, 1; sacrifice hits, Ball, Miller; sacrifice hits, Morris, 1; first base on balls, Parkes 2; McNeil 1; strike out, Morris 2; Sterling 2; 2:3; left on bases, Lethbridge & Calgary 6; struck out, Parkes 1; Lester 1; McNeil 1; Sterling 1; Morris 1; Ball 1; wild pitch, Parkes 1; Lester 1; hit by pitcher, Ball 1; Lester 1; McNeil 1; time 1:50; umpire, Voss 1 attendance 366.

BALLS NOTES.

The ball game will start at 3 o'clock and 6 p.m. for the balance of the season.

Grimes, Gillies, Smith, and Brennan will probably have their winter uniforms made up ready for the ball game.

Unite Grimes rebuked Parker of night one in the first inning for being early for baseball scores.

THE UPLIFT.

KIRK & GARDNER.

London, Aug. 30.—Sporting life reflects

an account of Kerr's reception at the northwest was sounded by James J. Gillies, who has been described as a "vicious man" in which he used his fist to "knock" the home team, that within a moment of his death he was taken into the national game was unabashed, and his conduct did not require for the latest baseball scores.

try to do good work. There is no reason why an empire should not be built in the field where every play is made. He may have to work a little harder and a little longer, but he will be a credit to the audience and the players.

AROUND THE CITY

LOCAL.

The legal ticket office of the C.R.R. is advised that the steamship Lake Champlain had passengers at Liverpool at 11 p.m. yesterday.

The marriage took place on Aug. 23rd, at the residence of Mr. and Mrs. Harry Chapman, Macaulay, of Mrs. Mary G. Higgins and John James Weston, justice of the peace, St. Albert.

The interurban street car service was open for travel last evening except by the demolition of a car at the Camerons House. The trouble was caused by a car crashing into trees which were come off the bridge.

NEW GIRL'S RESIDENCE.

The enrollment of classes in Alberta College opens tomorrow morning at nine o'clock.

The members who have returned for the re-opening of the college are E. S. Eaton, head of the department of English; M. Quance, resident dean, and head of the preparatory department; Miss Constance Hunt, who has assumed the duties of Lady Principal and Mrs. Hunt to act as the new housemother.

Principal Riddell has vacated his residence in the college and has taken a house in the vicinity of 10th and McKay Avenue. The quarters formerly occupied by him and family will be used as a girls residence.

The theological work of the college will open as will the university," said Dr. Riddell in the Bulletin this morning. "The work will be transferred there as soon as the university is ready to receive it."

MONTH'S BUILDING PERMITS.

The building permits for the month of August, which were over the two hundred thousand mark, exact figure did not know today being \$200,000. Among the latest permits issued for \$10,000 each building on McDougall Street, just west of the Harvey Block and a west end single-story.

The permits issued this morning were as follows:

Beth Hunter, residence on lot 165, block 12 H.B.R., Twelfth street to cost \$2,000.

Christ Church, church building or

convent, corner of 10th and

McDowell Street, to cost \$2,000.

B. F. Parkins, residence on lot 7, block 1 H.B.R., Fifteenth street to cost \$1,300.

G. J. Goldberg, residence on lot 42, block 8, R.L. 14, Bellamy street to cost \$1,300.

George Stephenson, residence on lot 16 H.B.R., Sixth street to cost \$1,300.

A. McLeod, Vancouver, store on lot 32, R.L. 6, McDougall, to cost \$2,000.

NOVEMBER CHURCH FAIR.

Plans for the November Immaculate Conception Church fair, the proceeds of which will help to build the new church, will be given out later on. This fair will consist of the following booths, with the following managers: Candy booth, work booth, Mrs. G. Thorpe; Chance booth, Mrs. Dodge; Candy booth, Mrs. McLean; Candy booth, Mrs. Morley; Toy booth, Mrs. Verner; Count Alfred von Hammerstein's booth, home recovered. Booths will be open daily. All recruits who have not yet fired their guns are requested to do so immediately.

TIED BODY TO SHORE.

Both Mr. and Mrs. Volkoff and Frank Bonneau, the two men who were drowned shooting "Grandpa" on the beach, have been buried. Mrs. Morley, Mrs. G. Thorpe, Mrs. Dodge, Mrs. J. Girard, Mrs. Verner, Mr. C. L. McLean, Mr. E. Dwyer, Tombola booth, Mr. J. Kelly, post office in charge of Misses Sheldene, and Mr. J. McDonald, all buried on the island. Volkoff's remains were discovered by Mr. Kelly's son, while he was working on the beach.

Officers of the Altar Society, Mrs. Kennedy, president; Mrs. V. Charles, vice-president; Mrs. J. Kelly, secretary-treasurer.

The following ladies will be in their boudoirs in November: Mrs. T. Kennedy, wife of First street; Mrs. Dodds, McDougall street; Mrs. G. Thorpe, Pender Street; Mrs. Kelly, Narrows and Kinsmen avenues; Mrs. Techam, and Old Town avenue; Mrs. Morley, Grange street; River street; Fraser's Flat, Stewart and street; and Borden street.

Meetings in the swing circle for the fair will be held every Thursday from 8 to 10 p.m. at Mrs. J. Kelly's, 133 Fraser Street.

During the fair lunch will be served at noon and dinner at night from 6 to 8.

The ladies of the Immaculate Conception have been continuing their devotion to the church and hope to encourage in their good work. The people of Edmonton are invited to join the fair and help a young congregation to pay our heavy debts.

THE WEATHER.

The weather has been fine and cool in all parts of the country, except where it has been warm. No frost is reported except in the vicinity of Peace River.

Cloudy and cool, with light local frost tonight. Wednesday fine with highest temperature.

Saturday, cloudy and Wednesday.

Alberta. Generally fair, few showers tonight or Wednesday.

The record of temperature in the various centres yesterday was as follows:

Edmonton, clear

Calgary

Winnipeg, clear

Ponoka, Prairie,

Winnipeg clear

Banff, clear

Lethbridge, clear

Medicine Hat

Didsbury, Alberta, fair

Humboldt, cloudy

PERSONAL.

E. Reid, of the city health department, has gone on holidays with his family at Fort Wainwright.

Mr. Dennis Heaton, proprietor of the Dennis Hotel, is receiving congratulations upon the birth of a daughter. The event took place yesterday in the city. Mr. Dunn reports the harvest well under way between Edmonton and the White Lake and the promise of a fine yield.

MANY BEING VACCINATED.

The immunization service was open for children last evening except by the demolition of a car at the Camerons House. The trouble was caused by a car crashing into trees which were come off the bridge.

STATION SITE IN CAMROSE.

E. W. Martin, station agent here, sent a letter from C. R. Stovel, agent of A.C.N.T., asking for a station site in Camrose.

The option provides that the permanent station will situate itself on the site of the present station, which means that it will be either block 2 or block 12 of the sub-division.

TRANSFERRED TO P. E. I.

A. W. Hyndman, who has been manager of the Royal Bank here, has accepted another position with the Canadian Bank of Commerce.

Miss Elizabeth Smith, who was

assistant teacher at St. Margaret's College, Toronto,
